

## STAINES HYDRAULIC BALE DOOR TRAILER

Our Staines hydraulic bale doors are the perfect solutions for transporting tiers of bales and bags, making the job far safer and quicker than the conventional strapping and unstrapping of bales. The individually operated side gates, can be lowered below the height of the trailer bed, selecting either nearside or offside loading to suit your needs. Operating on hydraulic cylinders at both ends, this mechanism, complete with pressure open check valves ensures the ease of use and safety of the doors operation .
