

## STAINES RIGID BALE TRAILER

Our Staines single axle bale trailers are the perfect addition to any fleet, especially when moveability and access is limited. Our rigid suspension prevents the vehicle body from tipping while travelling over rough ground or when turning. Helping minimise the tendency of rolling, pitching or vertical movement. This versatile trailer is great for transporting a variety of things from Bales, pallets, bags etc, as well as construction based equipment.

### STANDARD RIGID BALE TRAILER SPECIFICATION:

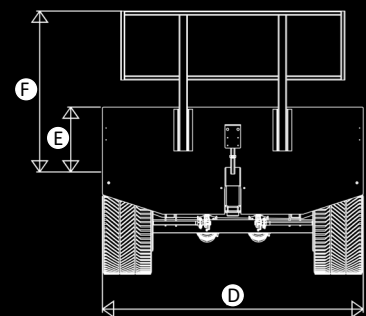

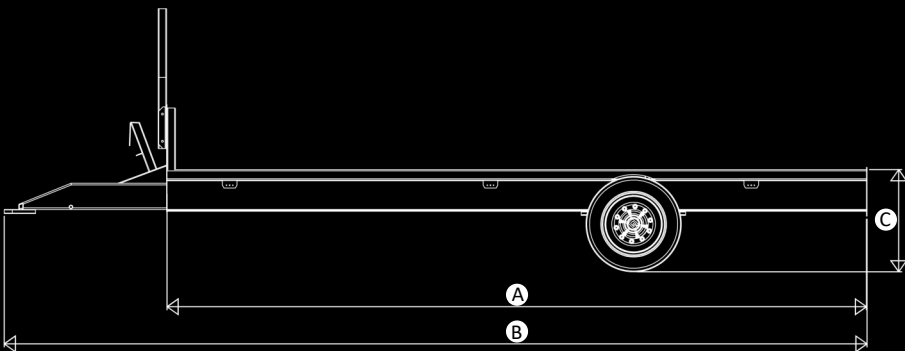

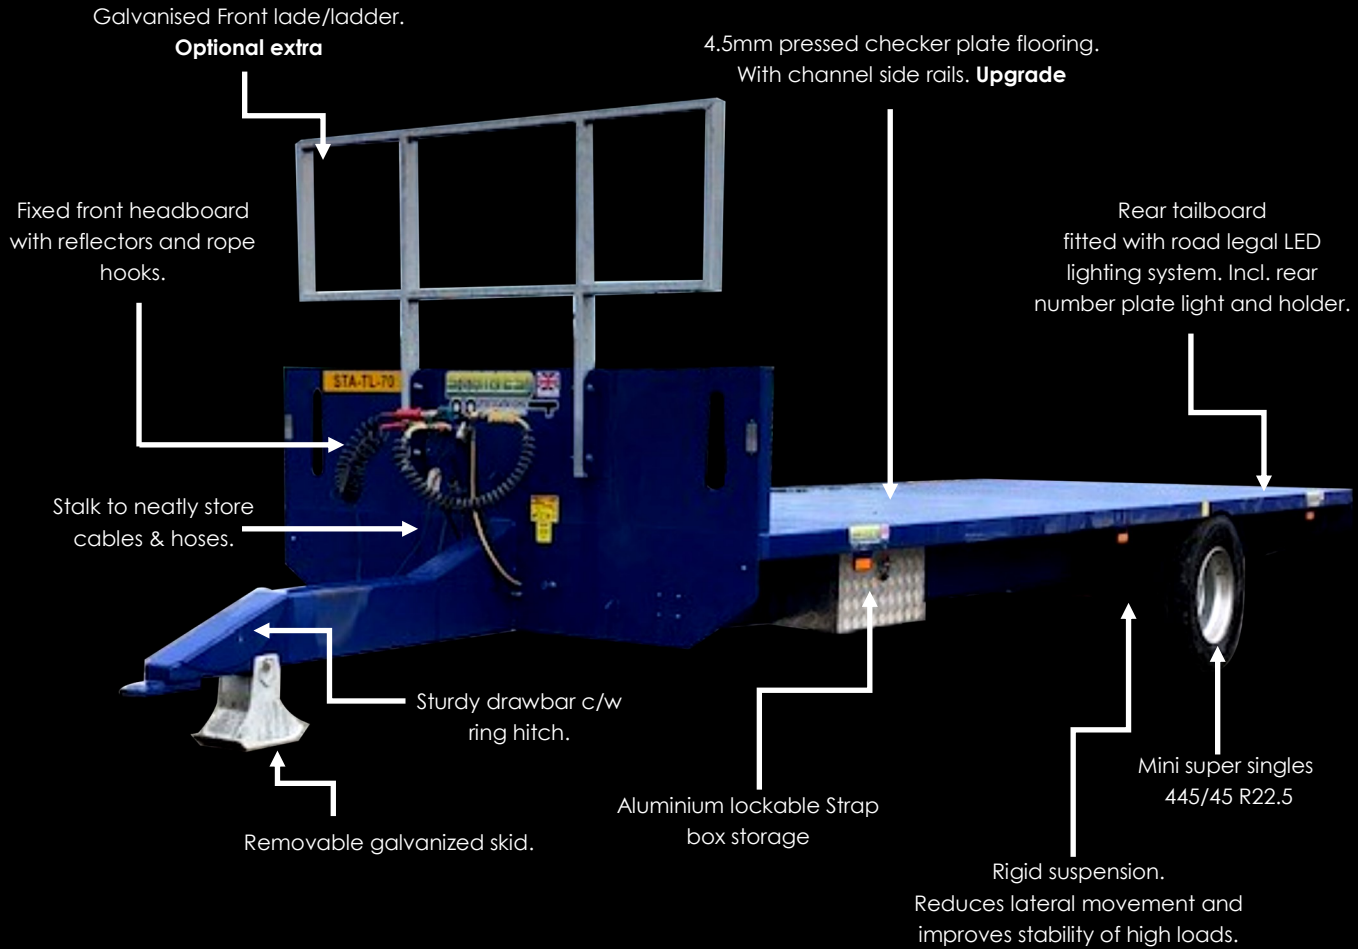

|                           |  |                  |  |
