

## STAINES TANDEM-AXLE PLANT TRAILER WITH HYDRAULIC RAMPS

Our Staines Tandem axle plant trailers with hydraulic ramps are manufactured using a heavy duty chassis and a sturdy drawbar with 38mm treated timber floor as standard. Each axle has a 10 ton capacity giving you the option to haul heavy loads. The robust design allows for the transportation of various types of cumbersome machinery, plant and equipment effortlessly. Our 8ft hydraulic ramps along with our 6ft 10 degree fixed beaver tail allow for the ease of tracking equipment up onto the trailer.
